TECHNICAL SEMINAR on Non-Contact Vibration Measurement

Presented by: Mr. Chris Chia & Mr. Oscar Foong

Venue : Training Room T1C, No. 9 Jurong Town Hall Road, TA Hub

Organizer : NDTSS

Date : 09th July 2026, Thursday

Time : 6.00 – 7.00 PM - Registration and Networking

7.00 – 8.00 PM - Technical Seminar

8.00 – 9.00 PM – Dinner

Cost : Member Free, Non-Member \$50

Registration : Member to send an email to Mr. R. Nath Kaushal, Chair, Membership for registration membership@ndtss.org.sg

Registration can also be done via online <https://ndtss.org.sg/events/>

Registration Deadline: 30th June 2026

Don't miss the opportunity. Register early. Any doubt, email to membership@ndtss.org.sg

Event Sponsor: Polytec South-East Asia Pte Ltd

ABSTRACT

Conventional vibration analysis and/or non-destructive testing revolves around accelerometers, strain gauges etc. where measurement is performed with contact of sample and would typically require an Engineer at measurement location, even if access is difficult. A non-contact measurement technique via Laser Doppler Vibrometry provides the possibility of acquiring vibration data from a distance of >300m, absolving the requirements of accessing difficult, sensitive locations.
